Will Remain in Clay City.

The Swann-Day big planing mill in this city will remain with us they having given out the idea of moving to Beattyville or any other point. The machinery here is all being over hauled and put in first class working order. They fired up Tuesday and Wednesday morning the whistle blew for the first time since the shut-down some weeks ago. Clay City people are glad that they will remain with them, and trust that matters have been so arranged that the company will

never again have to consider abandoning this place.

To Call Pastor.

Elder George D. Verco has rounded out another year's pastoral work at the Christian church, Sunday being his last day. He too was unable to fill the stand at this time, and his place was supplied by Elder Savage, of Lexington. The church is now without a pastor but a new minister will be called shortly. The Christian church here is one of the strongest and most active churches in the city.

Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

Just a Sample Copy.

We this week send to a number of our old subscribers a sample copy. This is to remind them that the Times is still being published and it wants them on the list again. The paper would never have been discontinued had not Uncle Sam got contrary and stopped us from mailing them at the second class rate where they were more than twelve months in arrears.

We want you on our list again, Dear old subscriber, so please do not further delay sending the amount you owe together with an additional fifty cents for a year in advance and then you are headed for two more years. Don't delay this but send in today.

A Sad Farewell.

A number of subscriptions have this week become twelve months past due, and according to the postoffice ruling we are compelled to cut them off and send them the paper no more until they renew, paying all arrears. We regret having to do this, but the law is imperative and we must obey. Dear Subscriber, we again remind you that we hate to give you up, and hope that we may soon meet again. 'Tis hard to utter but still we must say, Good-By.

Dog Tax Reduced.

The dog law has caused no little trouble during this session of the Legislature. The Republicans were pledged by campaign speeches, to repeal this obnoxious law, but like on the temperance question, when they got to Frankfort they changed their minds, and the matter was held up until Wednesday when the compromise reducing the tax to 50 cents instead of \$1.00 was passed.

Getting into Trouble.

There has lately been some petty depredations about the city school building. Some one has, on more than one occasion pried up the windows and stole some valuable books chalk and other articles. The staple has been drawn at the coal house and likely some coal is missing. The officers are onto them and if they don't watch they will be caught pretty soon.

Sale of Town Property.

Dr. B. R. Smith has purchased of Frank B. Russell his handsome residence in this city for \$1,800.00. This is very fine property and well worth more money. For a time it was intimated that Dr. Smith would leave Clay City but the purchase of such an elegant home sets at rest these false rumors.

City Council.

The City Council met in regular session Friday night and in the absence of a quorum adjourned until Saturday night. There was no quorum Saturday night so the meeting again adjourned this time to Monday night. At the meeting Monday night there were all members present except C. C. Eaton who is in Jackson county on business.

The Marshal's report showed \$70.00 collected on tax and \$15.00 on fines. The Police Judge's report showed \$40.00 collected on fines. The Treasurer's report showed a balance of \$1,238.74 in the treasury.

The following bills were then presented and allowed.

Luther Loving, Clerk,	\$ 5 00
A. T. Whitt, Treasurer,	5 00
Mrs. A. Rucker, Janitor,	5 00
A. P. Johnson, Marshal,	41 00

Geo. Alford,	6 00
Prof. Campbell, Teacher,	55 00
" Tracy,	40 00
Mrs. Pattie Ware,	35 00

W. T. Adams was elected special Police Judge.

The Marshal was instructed to enforce the ordinance against owners of hogs allowing them to run at large unringed.

A. S. Henry, General Manager the Kentucky Union Company, had been notified to rebuild the

bridge across the mill race of the company at the bank. His reply is a very caustic letter was read in which he firmly declined to repair or build another bridge. The officers of the town decided to compel him to do this if he continues to exercise ownership of this property.

The council then adjourned to meet again Saturday night for the purpose of making settlement with the Marshal.

Where the Panic is Worse.

Leslie Todd returned last week from a tour in Indiana and Illinois. He says he there visited the railroad yards and shops in a number of places, and said he saw miles of empty freight cars sitting on the tracks many of them with rust on the wheels which showed that they had been out of use for many weeks. He reports the panic apparently much more severe in these states than in Kentucky.

George W. Anderson, Jr. has again started his produce wagons over the country and will not be satisfied until he buys every egg, chicken, and all other kinds of produce that can possibly be bought. Country produce is one of the main-stays of the country and our county should furnish four times the amount it does furnish.

R. J. Daniel, auctioneer reports the sale of W. J. Christopher at Spout Spring last Thursday very well attended notwithstanding the downpour of rain. Articles sold well and the bidding was very liberal.

Dr. B. R. Smith has purchased of Mrs. Littlepage the drug store in this city. He will replenish the stock and handle every article that goes to the make-up of a first-class drug store.

Inconvenience of Similar Names.
We have all along been proud of the name Clay City, but still it is quite conflicting with other places of similar names and errors are frequently made on this account. The Times has had goods to go to Cave City, Ky. and been forced to do without the shipment for nearly two months. The paper is nearly every week quoted as the Clay County Times. We don't like this, but suppose we can't help ourselves. There is a town in Kentucky by the name of Clay. We have frequently had consignment of packages for the Times-Herald at that place. A traveling advertising agent was in the city last week and tried his best to pay us a bill he said his company owed us for advertising, but we told the gentleman he had made a mistake as this was the Clay City Times and not the Clay Times-Herald. He departed, but seemed to not be satisfied because we wouldn't take his money which he said belonged to some newspaper man and was sure it was us, we thought once we would have to show him our file to convince him that he shouldn't pay us. One advertiser refused to renew his contract because he said we got his goods and hadn't completed our job. We tried to convince him that we hadn't got the goods and that his contract was with one of the Clay papers and not the Clay City paper. He couldn't be convinced by letter writing so we lost \$30.00 by that and we are thinking of suing Uncle Sam for allowing another town to partly partake of Clay City's fair name, and in this way beat us out of business because a paper has suspended at Clay and not completed its contract; and then again when the goods complained about laid in the Clay City depot addressed to the Clay paper for nearly six months. We finally

convinced Mr. Searcy the agent here that the goods did not belong to us but we never could convince the advertising agency and it is probable that the Clay paper has not yet got the goods.

We always thought Clay City was a pretty name and it may never have caused any one else much trouble, but Cave City, Clay and the notorious Clay county frequently cause us in conveniences and embarrassment, yet we will not yield the name Clay City to any county or town in the State.

To Subscribers.

Remember that the new postal laws which took effect Jan. 1st positively prohibits us from mailing the Times to subscribers who are 12 months or more behind on subscription. This forces us to cut off some good names each week which we very much dislike to do, but we must obey the law. If you are cut off don't blame the publisher. Please renew and not miss an issue.

This Bank Offers You Complete Safety and Makes Your Money Aid Prosperity.

SAFETY.

When you are asked to put your money in a bank you have a right to know and should know just how and why that bank is safe. We want you to understand the reasons for the supreme safety of this Bank.

The Clay City National Bank

is organized under the National Banking Law and is under the constant supervision of the United States Government.

Not less than five sworn reports must be made each year, and these reports are always called for an unexpected date in the past. The affairs of this bank must always be in such shape that we can make a satisfactory, detailed statement to "Uncle Sam" for any past date that the Comptroller of the Currency may pick out.

This means daily readiness. These reports must be published and must be verified by the expert Bank Examiner whom the Government sends here to thoroughly examine this Bank twice each year, at unexpected times.

This Bank has PAID IN CAPITAL of \$50,000.00, Surplus of \$7,800.00, and under the Federal Banking laws applying to National Banks, its stockholders are liable for \$50,000.00 making altogether \$107,800.00, which stands, not as the total security, mind you, but as the margin of security protecting its depositors. All of this sum must be lost before any depositor can lose a penny.

This Bank is restricted by law to conservative business methods.

The funds are protected by modern steel vaults and insured against burglary and sneak thieves.

Its officers and employees are under bond for the faithful discharge of their duties.

All of these things, coupled with conservative management, insured by the careful, personal attention constantly given the Bank's affairs by a notable able Board of Directors, assure our patrons of that supreme safety which is the prime essential of a good Bank.

The Man Who Hides His Money Invites Robbers and often Loses His Cash.

Sound Advice from a Kentuckian.

A conscientious Kentuckian writes to the Morehead Mountaineer from Oregon regarding that state as follows:

"One would think from the nature of the literature sent back East, in carload lots, that Oregon is a perfect Paradise, a land flowing with milk and honey, with money growing on the greas brush tied up in \$10,000.00 packages. But Oregon on paper is one thing and Oregon as she is is quite a different proposition. One who travels through the state, and never gets off the sidewalk, and never converses with any other than Oregon boosters and real estate dealers who have axes to grind, know but little about Oregon as she presents herself to one in every day life.

"Having lived in southern Oregon and witnessed the ever changing climatic condition, and have seen the much boasted 'peach crop' harvested, I am in a position to know where-of I write. Ashland is claimed to be the 'Climatic Capital of Oregon' and the 'Home of the peach' the 'Ideal spot for Homes' and the 'Gem of Homelands' etc. without end.

Every newcomer is beset by real estate dealers and confronted with a hot air pump on every street corner. The Oregon mist is explained away, and the heavy fogs are lifted far above the frowning peak of Ashland Butte. He soon finds that every peach orchard in the valley is listed for sale, and that one half of all the property in town is on the same list and the other half is for rent. A peach orchard in the Rogue river valley is just about as paying a proposition as a lemonade stand on the summit of Mt. Shasta. Harney Valley, viewed from one of many surrounding peaks remind one of a big sweet potato patch thrown up in hills. One traveler has designated it as 'The devil tater patch,' but no potatoes are produced nearer than 100 miles of Harney Valley. Frost occurs in the valley every month in the year and nothing is raised except wheat and grass and that is sometimes snowed under in July."

Save This Anyway.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the receipt; try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the Kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

Bradley vs. Federal Office Holders.

The Federal office holders are to-day, in our judgment, the best the Republican party ever put forth and it is surprising to some that there is such a sentiment to overthrow their policy with such an improvement over the old line prejudiced party. The party has just begun the eradication of trust and money domination, and at this juncture there are members who desire to return to the old principle of legislation for the classes and not the masses.

Roosevelt is the only independent President the Republicans have had at Washington for a decade. He has been with Fairbanks and is thoroughly acquainted with Taft's Policy. He better knows these men than any one else. We believe that Roosevelt wants a successor who will carry out his policy and complete a work which it has taken him seven years to get introduced to his party.

Senator elect W. O. Bradley has come out in a card hitting the Federal office holder a hard jolt and says he is strong for Fairbanks, and he might add for any body before Roosevelt or any one he may be for. In other words he don't approve the present administration which is unquestionably the best the Republicans ever gave out.

It makes no difference with us who that party puts up, we are aiming to beat them and really, for an easy job, it would be much better should Fairbanks be the man.

Bryan is in a hurry for tariff reform and partly delivers his views as follows: "I stand for immediate revision. I would have it tomorrow if I can't get it today. I would rather have had it yesterday than today. I believe in the immediate revision of the tariff downwards, not upwards, and would commence by putting upon free list the articles that come into direct competition with articles controlled by the trusts. I would then proceed to material reductions in the necessities of life, and to make such

other reductions as were possible and I would proceed as rapidly as possible to make such reductions as would be necessary to put our tariff upon a revenue basis, so that our tax laws would be made for the purpose of securing revenue for the Government, and not for the purpose of enabling a few people to get rich at the expense of the rest of the people."

The Local Option Question.

The question is being asked on every hand, "will the Local Option Election Contest Win." The Times don't know any more about it than any one else, but one thing it does know, that if they don't succeed in flooring this election, it will be the first time they have missed it.

The Times believes there has not been a perfectly legal election held in this or any other county in the State for a decade, but they are not all thrown out. If all the technicalities and requirements of the law must be guarded in order to make an election sure it will require the election officers to all be lawyers, and then they must all keep their eyes open and to do the job right should have one in the back of their heads.

Every election is full of tricks and frauds, usually perpetrated by both sides, consequently giving good grounds for contest by either side, but the winning side usually refuses to contest and does never believe in contests. We can only wait and see.

A Democrat May Win.

A lively contest is on over in the Twenty-third Judicial district for Judge and Commonwealth's Attorney between the Republicans. Every county but Estill has one or more candidates. Before the landslide in Breathitt the district was certainly Democratic. Now that party bossism is gradually dying out, it is hoped the county will return to the Democratic fold and round up this fall an old time Democratic majority. With Breathitt in the Democratic column where it justly belongs, the Republicans are without a ghost of a showing to elect either the Judicial officers in the 23rd Judicial district or a Congressman in the Tenth Congressional district.

Farcial "Trust Busting."

Former Governor W. L. Douglas, of Massachusetts, who understands the tariff question better perhaps than any other man in this country, declares that the "trust busting" business, as conducted in Washington, is farcial and that neither the policies nor the methods of President Roosevelt are right. He believes that these policies and methods are intended to accomplish results in the interest, not of the people, but of the trusts. Gov. Douglas thinks, as other Democrats do, that the only possible remedy for trust evils is to revise the tariff which enables trusts to monopolize the market.

Last fall Mason county elected McKnight, Democrat, to the Legislature by a bare majority of 100 votes. McKnight died and Shanklin, Democrat, was last week elected to fill the vacancy by 1,433 majority. Does that look like approving Republican legislation?

The County Unit Bill was not introduced to be enacted into law, it was made as a toy for big fellows to play with and trade on.

From reports it seems that Taft is getting most all the instructed votes and Fairbanks and other fellows are doing the running. Up to March 8th, of the 166 delegates selected, Taft had received 116. Six votes were uninstructed; Fairbanks got his home State's vote of 26, and there were 18 votes contested.

To carry out the deal of killing the County Unit Bill in the Senate an order was made requiring a two-thirds vote to call for a report on a bill in the hands of a committee. This also kills the Redistricting bill, a pet measure of the Republican party.

Do Not Judge.
Don't judge a man by his clothes. God made one and the tailor the other. Don't judge a man by his family, for Cain belonged to a "good" family. Don't judge a man by his failure in life for many a man fails because he is too honest to succeed. Don't judge a man by the house he lives in, for the lizard and the rat often inhabit the grander structure. When a man dies they who survive him ask what property there is left behind. The angel who bends over the dying man asks what good deeds he has sent before him.—Selected.

Kentucky Crop Report.

The first report issued by the Agricultural Department for the year 1908 shows the condition of the agricultural interests to be in good shape. The winter was an exceedingly mild one. There was a large amount of rainfall with very little snow, which was not enough to afford protection for the wheat, rye and barley.

We are urging an increased acreage of winter oats and are distributing some seed to the different sections in which none or little are grown.

Very few tobacco plant beds are being sown as the farmers have determined not to raise but little tobacco this year and by their united organization have secured good prices for the 1906 and 1907 crops. Most of the dark tobacco has been sold at good prices while the burley tobacco is still in the hands of the farmers.

Grasses of all kinds are in fine state of growth and clover is reported as generally good.

The extremely mild winter has been very advantageous to live stock and all classes are in splendid condition.

There has been an increased activity in the production of hogs despite the fact that prices are much lower than last year.

Sheep have increased in numbers and more attention is being paid to this important industry of our State and prices are higher than ever before.

The prices of mules are much lower than last year but, regardless of the price, people are raising more each year.

Very little plowing has been done at present on account of the heavy rainfall, but indications are that preparations for plowing are being made and will soon begin.

Although hemp has been an important feature in the products of Central Kentucky, the last few years have not seen an increased acreage, but the highest price ever known is being paid for hemp and the determination not to raise tobacco will cause more attention and larger acreage than ever has been paid to this very important crop of our State.

DALVAY.

Chestnut horse 6 by the Commoner (son of Hanover and Margerine by Algerine) dam Levisia by Brutus, second dam Liera by Fonsa, third dam Acidenta by Canada. Bred and raced by Talbot Bros., Paris, Ky., and sold as a three-year-old to M. H. Tichenor, of Chicago.

Dalvay's only start as a 2-yr.-old was at Washington Park track, Chicago, on July 14, 1903, when he ran unplaced in a purse race won by Blumenthal with Dunganon second and Martins third. As a 3-yr.-old, however he was well high invincible, being inside the money in each of his starts. With a single break, where he finished second, Dalvay won eight straight races, beating the best horses at the Chicago track. The following is his record for the year 1904:

June 29, Hawthorne—Purse three-year-olds, 6 furlongs—Peter J. Somers 122, won; Dalvay 114, second; Singing Master 114, third; Fourteen Starters. Time, 1:15 2-5 \$85.

July 4, Hawthorne—Purse, 3-yr.-olds, one mile—Ananias 109, won; Dalvay 102, second; Miss Crawford 104, third. Seven Starters. Time, 1:41 3-5. \$75.

This most excellent horse will make the season of 1908 at the stable of Thos. Conlee 1 west of Stanton at the low service fee of \$10.00.

This is an excellent opportunity for Powell county farmers to get the service of a thoroughbred horse. There is no better in the State.

Who Will Be President?

This is a presidential year, and every man must read to keep posted on politics. The

Courier-Journal (HENRY WATTERSON, Editor.) Is a Democratic Newspaper, but it prints the news as it develops. One Dollar a year is the price of the Weekly Courier-Journal

But you can get that paper and

THE TIMES BOTH ONE YEAR FOR One Dollar

If you will give or send your order to this paper—not to the Courier-Journal.

The Republican party has just spoiled everything. After making the fatted trust, and bloated bondholders who have kept them in power 50 years, they put Teddy in to spite the Democrats because we didn't like him. He turned an honest deal and they caused the panic to get rid of Teddy and his policies, says an exchange. Yes, but Teddy in doing so has killed himself with his own party.

To Retire from Politics.

Beckham, it is claimed will retire from active State politics. It would have been much better for both him and the Democratic party if he had retired two years ago notwithstanding his splendid record as Chief Executive of Kentucky.

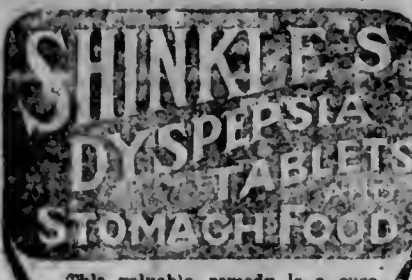

Learn to do things without being nervous over them; use the power of repose. Because so many of our young people forget to take care of themselves, we have an army of nervous invalids instead of strong men and women.

Democrats of Boyle county are very indignant and have publicly denounced their Representative E. W. Lillard as a traitor because he voted for Bradley. They have called upon him to resign.

The Montgomery County Poultry Association has been organized at Mt. Sterling with forty members. Postmaster Ben W. Hall, a leading fancier, was elected president.

Caleb Powers is going to urge a speedy consideration of his petition for pardon. He is afraid D. C. Edwards will beat him unless he soon gets out of jail.

Hygeno DIP AND DISINFECTANT
THRIFTY LIVE STOCK

The all important question with the farmer and live stock raiser is how to produce the most beef, pork or mutton with the smallest expense. The only answer is, prevent disease rather than try to cure it. Hygeno dip and disinfectant is a powerful germicide and positive insecticide. Used occasionally as a dip and spray it will keep the livestock in a healthy and thrifty condition. Hygeno combats the one real danger when raised and we can positively say it will cost you money if you do not use it. Use it as it will save you money. If your dealer cannot supply you with Hygeno, send us his name and we will take care of you and mail our Health Book and free sample.

CAMBRIDGE
The Cambridge Reversible Sulky Plow is the highest type of plow of the twentieth century—constructed on correct scientific and mechanical principles. It is the result of a constant endeavor to produce a perfect riding plow, and has 62 years experience in plow making back of it. The demand of the times has been for a better riding plow—the Cambridge meets that demand and only needs to be tried to convince the farmer that it is the superior of any riding plow ever before produced. It will do splendid work equally well on level land or on the hill-sides will leave the soil smooth and free of ridges and dead furrows with lighter draft than any hand plow doing the same work—easy on man and team. Made in two sizes and from the best malleable iron and high grade steel; improved and extra heavy steel wheels with dust cap and removable chilled tires. Easy to manage, always under perfect control.

SUCCESSFULLY OPERATED BY ANYONE WHO CAN DRIVE A TEAM

You'll want to know all about the Cambridge before you buy a new plow. Write today for special circular describing its construction and working points. THE TIMES.

AN ALL HOME-MADE PAPER.

THURSDAY, Mar. 12, 1908.

LOCAL BREVITIES.

James B. Hall, of Lexington, was in the city Saturday.

Dr. Wm. C. Martin moved Tuesday to the Richardson property.

Robert Russell has been very sick this week with stomach trouble.

Raymond Knox, of Levee, was in the city Tuesday en-route to the mountains to buy cattle.

Mrs. O. W. Campbell who has been very sick for some time, is able to be on the street again.

R. P. Rose has recently put up a steam grist mill at Waltersville and will do custom grinding.

Circuit Court will convene at Stanton Monday. We learn the docket will be much lighter than the usual March term.

Mormon elders are again working in Clark county. Their religious beliefs are anything but commendable to cultured communities.

O. C. Flynn, Jas. G. Easter, Mr. Vallmer and W. C. Rose were initiated into the order of Royal Arcanum at Lexington Monday night.

Squire John Snowden, of Irvine, was here last week to see his mother, Mrs. Wm. Snowden, of Waltersville. Mrs. Snowden has been very sick for some time.

J. E. Niblack has purchased of Mrs. B. Littlepage a dwelling and four lots in the eastern portion of the city for \$350.00 cash. Mr. Niblack has moved to his new property.

Swann-Day Lumber Company are rebuilding the planing mill burned at Jackson some time since. Some of the old machines are here now in the machine shops for repair.

Joe Holman, who recently had a sale of all his personal property, has moved to Sampsel, Mo. where he will live in the future. Mr. Holman is a good citizen whom we regret to lose.

The bridge at Bowen is completed and the approaches are also about completed, and in a few days the bridge will be ready for travel. The bridge at Stanton will also soon be completed.

A. E. Barnett & Son are running a great bargain sale. Everything in the store is offered at cost for cash. This sale will last for a few days only. Now is the time to save a lot of money. See their ad elsewhere.

Note change in Winchester Drug Company's ad. This firm is very prompt with mail orders, and have earned a reputation for pure and fresh articles. They are worthy of our readers' patronage. Go see them when in Winchester.

To all who will pay up all arrearages and one year in advance, we will send the Southern Agriculturist free for one year. If you want it don't forget to ask for it. The Agriculturist is one of the best farm papers published.

George Littlepage is at Sardis, Miss. with many other Powell boys employed in the big saw and planing mill there.

Mrs. Randell Stokley died at Winchester and was brought here and buried on Black Creek Saturday. She leaves two children besides her husband. She formerly was a Miss Pasley of Estill county.

Wm. Johnson has again leased the Central Hotel and will remain there for another year. For a while it was reported that Mrs. Jennie Russell, owner of the property, would again take charge but she has given up the idea.

For a considerable time there has been too much loafing about the depot. The City authorities and the railroad people have decided to break it up. J. G. Easter has been appointed Deputy Marshal and will make things interesting for the loafers hereafter.

Wm. McIntosh has moved to the Niblack property he recently purchased in this city. Mr. McIntosh is a Civil war veteran on the Union side and is known as Sick Bill to distinguish him from two other Wm. McIntoshes who resided in the neighborhood where he formerly lived.

A Mail Order Deal.

A rather amusing story is told on a man who went into the Big Sandy hardware store in this city and wished to purchase an ax, says the Paintsville Herald. Being shown the article and informed that the price was \$1.15, he said, "Why I can get the same kind of an ax from a mail order house for 90 cents." "Very well," said the hardware man, "I will give it to you for the same price, provided that you will do the same with me as you would them." "All right," replied the customer as he handed over a dollar bill, the merchant giving back ten cents in change. "Now," said the hardware man, "I want 25 cents more to pay express charges," which the purchaser gave him. "Now give me five cents more for money order fees and postage," which the purchaser had to hand over.

"Now how much did your ax cost you?"

"One dollar and twenty cents," said the customer. "Not so cheap after all," said the merchant, where upon he picked up the ax, tossed it back on the shelf and told the customer to call for it in ten days, as that would be as soon as he could get it if he had ordered it from a mail order house.

Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at Swann-Day Lumber Co's. store.

Fruit All Right Yet.

It is hoped the cool frosty mornings will continue for some days yet so as to hold the fruit back until there will not be so much danger of it being killed later. All fruit is safe so far, and the buds were considerably swollen by the few warm days last week. Owing to fruit failure last year everybody is longing for a good crop this year. All the fruit bloomed last year in March and was killed by the unusual cold April weather.

Best Healer in the World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c. at Swann-Day Lumber Co's store.

Passes The House.

The Sullivan educational bill providing for a complete change in the management of the public school of the State and requiring the establishment of a high school in every county, passed the House. The Crecelius tobacco bill providing for the sale or purchase of pooled tobacco, passed both houses of the Legislature after the adoption of an amendment providing a penalty for the purchase of pooled tobacco only when the buyer knows the tobacco to have been pledged.

Good for Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50 cents at Swann-Day Lumber Co's store.

A Saving Plan.

Let a young man at twenty put \$20 at interest instead of spending it for tobacco. Then, at the beginning of the next year repeat it, and include also the principal and interest of the preceding year, and thus continue so to do from year to year, until he shall have reached the age of 70 the amount he would realize would exceed \$30,000.00. How many of our young men will try it.

No Use to Die.

"I have found out there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at Swann-Day Lumber Co's store. 50c. and \$1. Trial bottle free.

Let J. P. Maupin fix that clock or watch for you. Charges reasonable and satisfaction always.

County upon the proposition as to whether or not spirituous, vinous or malt liquors should be sold, bartered or loaned therein, and whereas the result of the vote of said election has been canvassed and certified by the Board of election Commissioners of Powell County, Kentucky, now we, the undersigned legal voters of said county desire to and propose to and do contest said election upon the following grounds, to-wit:

1st.—Because the petition filed with the County Judge was not signed by legal voters in each precinct of the territory to be affected equal to twenty-five per cent of the vote cast in each of said precincts at the last preceding general election.

2nd.—Because the petitioners to said petitions failed to deposit with the County Judge of Powell county, previous to the making of the order for said election, money in amount sufficient to pay for printing and posting advertisements as provided for and the fee the Clerk for making entries in the Order Book.

3rd.—Because the election is illegal and void for the reason that the County of Powell, with the exception of the town of Clay City, was a prohibition county, and the election should have been held in the town of Clay City, to vote on the question stated in the ballot voted and used at said election.

4th.—Because the ballots used at said election was made of thin paper, and was so made and of such material that the officers of the election could and did see how each or any voter voted at said election.

5th.—Because the officers of the election in each precinct in said county permitted divers and sundry persons to come and stay in the room where the vote was being taken, and permitted them to examine and see how many if not all the voters voted by seeing and inspecting the voter's ballot before same was deposited in the box.

6th.—Because the election officers failed to make and sign the certificate or stub book, or to make any certificate showing the result of said election.

7th.—Because the election officers failed to publicly declare the result of the vote as provided by law.

8th.—Because an emblem was used on the ballots used at said election without any right or authority of law, and without a request from either side or any person.

9th.—Because by the use of the emblem, to-wit, the "Bible" over the "Yes" and the bottle with a snake crawling out of the bottle and a glass by the bottle over the "No" that the traditional reverence for the sacred volume in this a christian land prejudiced the voter and prevented a fair and impartial exercise of his judgment in the decision of the question submitted for his action, and did control the action of the voter and caused votes to be cast in favor of prohibition because the voter was by reason of his inherited reverence for the open Bible unwilling to cast his vote against it, no matter what his real sentiment was upon the question submitted at this election.

10th.—Because money was used by persons who were working for and favored prohibition and votes were bought and paid for by said persons and said votes illegally voted for prohibition.

11th.—Because the officers of the election in each of the precincts in said county permitted illegal voters to vote after their vote had been challenged.

12th.—Because the officers of the election in each of the precincts refused to cause the voters to be sworn and questioned when their votes had been challenged and wrongfully permitted said votes to be voted for prohibition.

13th.—Because the election officers permitted voters who did not live in Powell County, and whose votes were challenged to vote at said election for prohibition.

14th.—Because the election officers in each of the precincts in Powell County negligently and carelessly refused and failed to conduct the election and to certify to same as provided by law.
